Building Home Out Of Dirt Removed To Make Room For His Cellar

Here's a new one that is as old as the hill tribes.

That is making a house out of your cellar.

And it's being done in Glendale.

The Rev. W. R. Johnson, for years a Presbyterian missionary to the Indians of the west, is building an adobe house here at the corner of Rock Glen and Ellis avenues.

From the dirt excavated to provide cellar space, he is getting the "dobe" mud with which to make the walls.

GRAMMAR SCHOOLS HOLD CEREMONIES FOR GRADUATES

Excellent Program Is Given At Palace Grand; Classes Establish New Record

The graduation exercises of the Glendale grammar schools, which took place last night at the Palace Grand theatre were the largest of the kind ever held in Glendale.

The graduates met at Intermediate school and marched to the theatre. They were lined up, alternating a boy and a girl, and marched down the two aisles to the front of the theatre where seats were reserved for them.

The girls looked very pretty all dressed alike in their white middies and skirts with their class ties and the boys wore dark suits and class ties. The entrance march was played by the school orchestra.

Two Schools Give Program

The two schools, Intermediate and Cerritos avenue, were well represented when speeches were made by several members of each school.

The program was in charge of Superintendent Richardson D. White. The first was "True Patriotism" by Margaret Clarke, "El Camino Real" by Elsie Forsythe, both from Intermediate, the Girls' Triple Trio then sang "Come with the Gypsy Bride," which was very good.

Joseph Forbes from Intermediate spoke on "The Yap Question" and James Littell on "The American Navy." This was followed by an instrumental trio: Esther Edmonds, saxophone; Vivian Nay, piano; and Bertra Brown, violin.

Kathleen Carr from Cerritos spoke on "The Growth of Glendale," which was, indeed, very interesting, and Donald McMillan of Intermediate spoke on "Recreation Center."

"Education for Women" was given by Dorothy Godar of Intermediate and Ruth Goto of Cerritos spoke on "The Importance of Good English."

All Numbers Good

The next number was the speech by Arthur Timothy of Intermediate on "The Path of Life" and then the Girls' Glee club sang "Venetian Boat Song," which was very pretty.

Kenneth Miles told about "Boy Scouts" and Lucille Beach told "What We Owe Our School," both being from Intermediate.

Every number on the program was very good and the speeches were especially well delivered and interesting.

The diplomas were then presented by David Black, member of the Board of Trustees, with a farewell talk to the young graduates.

The exit march was played by the school orchestra.

The names of those graduating from the two schools appeared in The Evening News of Friday.

Mrs. Mabel Horner Is Surprised By Friends

Friday afternoon Mrs. Mabel Horner, retiring president of the Broadway P.-T. A., was pleasantly surprised by a number of the ladies who have been associated with her in her year's work.

The afternoon started off with a lively description by Mrs. Aicholz of the efforts she had to make to keep Mrs. Horner, her daughter, at home that afternoon without disclosing the surprise. It was some task, for Mrs. Horner is a most capable and active individual who knows what needs to be done, and what she should do, and usually does it; Friday being one of the few occasions on which her judgment about what was going to be done was reversed—with the happiest of results for her, and all concerned.

The event bein a surprise, the ladies brought their own refreshments of delicious ice-cream and cake.

Mrs. Mary Jepson presented Mrs. Horner with a beautiful bouquet of Cecil Brunner roses with baby's breath (gypsaphelia), and they all united in presenting her with a silver fountain pen.

Those present were Mrs. Dorothy Van Wie, Mrs. Mary Jepson, Mrs. Caroline Wilkinson, Mrs. H. L. Head, Mrs. Johanson, Mrs. Brunner, Mrs. Patterson and Mrs. Horner and her mother, Mrs. Aicholz.

Mrs. Harper Harmon and her two small daughters, Margaret and Marthalou of Winslow, Ariz., are the week-end guests of Mr. and Mrs. A. R. McPhail of 318 Ivy street. These visitors are spending a month with relatives in southern California.

Today's World News In Brief

(By United Press to Glendale Evening News)

STRIKING MINERS TO ASK OTHER UNIONS TO JOIN

LONDON, June 18.—Striking miners will ask other British unions to join with them in enforcing their mutual wage demands, it was announced today. Following indefinite adjournment of the miners' executive council, Frank Hodges, secretary, said he would ask the executives of other unions to confer with the miners as soon as possible, with the object of taking nationwide action to compel recognition of miners' demands.

CHICAGO GOES TO RESCUE OF 2000 CHORUS GIRLS

CHICAGO, June 18.—Chicago's Rialto has been turned into a bread line. First nighters and gallery gazers today came to the rescue of 2000 chorus girls who are jobless and penniless here. Funds were being contributed to a relief fund to tide the girls over until the show business gets on its feet again. The benefit will wind up with a big picnic which is to be staged tomorrow. "Some of the lucky girls are now working as maids and clerks," said Miss Alice Sirwin, pretty ballet dancer. "But most of us cannot find a position at all. But we are going to stick together and struggle along and try to make out. We can't go back to the old home town and admit that we are failures. And, then, business will pick up pretty soon," she said.

'POOR LITTLE RICH GIRL' WILL BECOME BRIDE TODAY

CHICAGO, June 18.—Two of America's greatest fortunes will be united late today at one of the most simple and quiet weddings in Chicago society annals. Miss Lolita Ogden Armour, only child of the multi-millionaire packer and John J. Mitchell, whose father owns one of the most powerful banks in the country, are to be married at Mellody Farm, Lake Forest. The bride, who believes extravagance is a sin, will go to the altar in a simple white frock. The service will be read by Bishop Herbert Page of Spokane. The Mitchells will take a short honeymoon and then return to Chicago to "keep house." Presents from poor cripples who have been befriended by the bride, who was once a cripple herself, continued to pour into the Armour mansion.

WHY HARDING ASKS ALLIED WAR DEBT ON SOLID BASIS

WASHINGTON, June 18.—A tax reduction averaging between $4 and $5 annually for every person in the United States will result from the permanent adjustment of the allied debt to this country. In addition it will open a way to this government to retire some of its own war obligations which are falling due in the next two years. These two facts, it was learned today, furnish the explanation of why President Harding and his cabinet want to put the allied debt on a permanent basis as soon as possible. They reach a tentative plan for doing this at the cabinet meeting yesterday. The loans to the allies totaled about $10,000,000,000 originally. Failure of foreign governments to pay interest, however, has increased the total to a figure which now calls for an annual interest payment of about $500,000,000. The 105,000,000 American taxpayers have been carrying this burden. Once the allies start paying interest it will be lifted.

AMERICA WINS FIRST GAME OF POLO CHAMPIONSHIP

HURLINGHAM, England, June 18.—America won the first game of the international polo championship here today. The final score was 11 to 4. In the seventh and final chukker America again scored twice while England was scoreless. The overwhelming defeat of the British teams came as a distinct surprise to the thousands who witnessed the match. The challengers swept the defenders off their feet from the start and acquired a lead which was never overcome. The Americans, individually and as a team, outrode their opponents. Devereaux Milburn, captain of the American team, whose physicians permitted him to play only at the last moment because of his injured back, gave an exhibition of demonaic riding that was equaled only by that of J. Watson Webb, playing No. 3. Thomas Hitchcock, No. 2, was deadly in wielding the mallet, he and Webb scoring four each of America's eleven goals. Major Vivian Lockett, the British captain, playing back, and Lord Wodehouse No. 3 starred for the English. Lieutenant Colonel H. A. Tompkinson, the English No. 1 displayed very weak hitting at times.

QUESTIONS SETTLED IN FAVOR OF UNITED STATES

GENEVA, June 18.—The Mesopotamian and Yap questions have been tentatively settled in favor of the United States. While final disposition of these problems must be arranged in conferences between the United States and the allies, American diplomacy cardied its initial point when the league of nations council decided that American approval was necessary in the allocation of mandates. Dr. Gaston Da Cunha, in turning over the presidency to Viscount Ishii of Japan, pointed out that the United States had sent a note to the league that it would recognize no mandate to which it had not given consent. In addition he said the United States had not replied to the league's invitation to send a representative to discuss mandates. In view of this, he said, it would be impossible for the council to proceed with the question, although it was urgent. The retiring president said he would send a note to the allies and the United States urging them to reach an agreement which would enable the council to approve the mandates before September, when the league assembly will finally approve the plans. Herbert Fisher, for Great Britain, replied that his government would take up the matter with the United States immediately.

ORDINANCE CHANGES TO STOP PEDDLERS ARE PROMISED

City Manager Watson Makes Statement Relative To Plan To Protect Business

By T. W. WATSON
City Manager of Glendale

In regard to the sale of fruit and other produce from wagons stationed along the curb at the intersection of Brand boulevard and Broadway:

During the last two weeks there has been considerable complaint in regard to several peddlers who have stationed their wagons at times either on Broadway or Brand boulevard.

It is contrary to the established policy of the city of Glendale to grant permits for the carrying on of any kind of mercantile business whatsoever on the business highways. Applications to establish sales stands in parkway or along curb line in the business district are received from time to time by the board of trustees but in all instances such permits have been denied, except for permits granted for the sale of newspapers. We are quite confident, therefore, that no such privilege was intended to be granted by the terms of the present license ordinance in its provisions for granting peddlers licenses.

Change in Ordinance

It seems, however, that a strict interpretation of the ordinance may be construed as granting such privileges. We have therefore recommended to the board of trustees, as published in the Glendale Evening News yesterday that the ordinance be amended so as to more particularly define what is meant by peddler's license and so as to prohibit the carrying on of any kind of mercantile business on the public highways within the business district.

In the meantime it is probable that if those to whom licenses have been issued insist on selling on the streets in the business district, we may not be able to stop them, but we are confident that the ordinance suggested will be adopted without delay by the board and that within a short time the matter will be entirely under control of the city.

Describe Conditions In Colorado Floods

Mr. and Mrs. J. C. Tobias of 210 East Palmer avenue have as their house guests their daughter and her husband, Mr. and Mrs. D. C. Philpott and son James, of Mansfield, Ohio.

The Philpotts recently motored across country aand were just in time to get in the terrible flood in Colorado. They just escaped a dangerous flood by about an hour at Watrous, New Mexico, and their machine was the last to cross the bridge before the washout. They passed through all kinds of flood lands and state that bridges everywhere were washed out. They even had to build their own bridges in some places in order to cross.

Mr. and Mrs. Philpott were accompanied by Mr. and Mrs. C. C. Truitt, of Texas. They state that it was pitiful to see the many crops either standing in water or washed completely away. At one place they had to ford the river and had to drive up a bank of stones which were cut just like steps after the dirt had all been washed away, but they made it all right and without damage to their car, which was a Reo.

Mr. and Mrs. Philpott state that they will locate in Glendale, if they can be promised that there will be no earthquakes.

Mrs. E. U. Mandis Is Given Flower Shower

Mrs. E. U. Mandis was given a flower shower Friday morning by her pupils at Doran street school; not only many very beautiful, natural flowers, but a very dainty organdie bouquet which she was proudly wearing. Mrs. Mandis has resigned from the regular teaching but has consented to do substitute teaching. She feels it better to devote more time to her home and boys next year than she has been able to do while doing full time work as a teacher.

LEGION'S DELEGATES TO STATE SESSION ARE NOMINATED

Proposed Bills Are Under Discussion; Boxing Show Plans Are Outlined

The regular weekly business meeting of the Glendale American legion took place last night at the post hall with about eighty members present. Emil Keifer, the commander of the post, opened the meeting promptly at 8 o'clock.

The principal discussion of the evening was that concerning the annual state convention which is scheduled to take place at Merced on August 22-26. After a lengthy debate on a number of bills to be presented at the convention the following members were nominated as delegates from Glendale post:

Emil Keifer, James McBryde, Gerald Delgardo, Charles Noll, Dr. Kaemmerling, Murray Durham, Gordon Clayton, Gilbert Cowan and W. B. Kelly.

Nominations will be open for the next two weeks, after which seven men will be selected by vote of the members. A report of the delegates from each post must be in at state headquarters thirty days before the convention.

Reports on Benefit

After a general report had been made concerning the recent all-star vaudeville which took place on Wednesday night of this week and from which treasurer Jesse Flower reported that $225 was realized, a rising vote of thanks was extended to Russell Hull for his work in promoting the show. Mr. Hull, who is a member of the American legion at Berkeley, is one of the patients at Thornycroft hospital in this city. By his untiring efforts he is the person who was largely responsible for the success of the vaudeville.

In reporting the activities of the public street dance, which was held last Saturday night at Broadway and Brand, chairman Dru Nicoles announced that the affair netted approximately $80. Of this total it was stated that more than half was taken in by the candy sale carried out by the telephone operators' society, and it was unanimously decided to send the young ladies a communication of gratitude for their efforts.

Plans for Boxing Show

Great plans were made for the next monthly boxing show which will take place in the legion hall next Friday evening. The new committee in charge of boxing is hard at work on next week's exhibitions and are arranging the most attractive card ever given in Glendale. The members of the committee are Al Bullis, Charles Potter, Jesse Smith, Dr. Kaemmerling and Gerald Delgardo.

Two new members were admitted by transfer during the meeting, Donald Packer from Lompoc post, and Dr. Edgar Swift from Ventura.

Before adjourning a communication was read from the Pasadena legion warning Glendale post against two so-called "former service men" who have recently defrauded a number of citizens of the Crown City.

GEORGE L. MURPHY INJURED

George L. Murphy, an employe of the Packer Auto company, corner Colorado and Brand boulevards, was painfully injured this morning when another employe backed a car into him as he was examining a taillight. The Pulliam & Kiefer ambulance rushed the injured man to the Glendale Sanitarium and Hospital where Dr. H. G. Westphal dressed a puncture in the right leg. It will be several days before Mr. Murphy will be able to be out again.

DRYS DIFFER IN VIEWS

WASHINGTON, June 18.—Prohibition workers split today on the question of amending the Volstead law. E. C. Dinwiddie, dry worker and a former anti-saloon league official, urged that the proposed amendments to the Volstead law be divided and only the sections prohibiting beer be passed immediately. Wayne B. Wheeler, general counsel of the anti-saloon league, differed with Dinwiddie.

SEND OUT SAMPLE BALLOTS

City Clerk J. C. Sherer is busy this week-end mailing out sample ballots for the coming municipal election. There also are two small annexation elections in the Casa Verdugo district coming up on June 30 and on July 14 which are requiring the attention of the city clerk's force.

SODA LAKE IN AFRICA

In the midst of a barren and waterless waste in British East Africa is what appears to be a lake covered with a coating of snow partially thawed and then frozen again. So complete is the deception that a stranger for a moment fails to realize the impossibility of there being snow and ice in the midst of heat that is almost intolerable. It is in reality a practically inexhaustable deposit of soda. To traverse this district in the dry season is to have one's feet burned through one's shoes and the sharp soda spikes will pierce any but the thickest soles. After rains there is a layer of water over the greater part of the surface, which turns a beautiful shade of pink, and by moon light the scene is weirdly beautiful.

Teaching

"Men must be taught as if you taught them not,
And things, unknown, proposed as things forgot."

—Alexander Pope.

Many men are so blinded by their daily tasks that they get no vision of the bigger, final things of life. The hardest thing an insurance man has to do, is to get men to seriously look at their real situation and consider the best way of making real provision for their futures and that of their dependents. As soon as they can be made TO THINK, they are sold. Our business is a wonderful blessing to the world! THERE IS NO SUBSTITUTE.

Sixty-Eight Glendale Boys To Enter Camp

A group of sixty-eight Glendale boys have already signed up for a two weeks' vacation at Camp Pine Flats, in the San Gabriel mountains. Rex C. Kelley, local Y. M. C. A. secretary, states that the preliminary party was taken to Camp Pine Flats yesterday to make arrangements for the arrival of the first group of boys next Tuesday. The first party to leave Glendale will be the group of the older boys, who will go from the Montrose railway office at 1 o'clock Tuesday afternoon.

A rather unusual part of the equipment of a camp of this kind is the library of fifty books from the Eagle Rock public library and seventy-five books from the Alhambra public library.

Mr. Sturgis, athletic coach of the Citrus Union high school, will have charge of the swimming and other athletic work at the camp. Dr. E. E. Clark of Alhambra will be in charge of the examination of the boys and look after their physical welfare. Each boy upon entering camp will be given a physical examination similar to that of the army.

Mr. Kelley states that if there are any boys in Glendale who would like to attend the camp but cannot afford it, would get in communication with him that arrangements might be made making it possible for them to do so.

R. M. M'Gee's Big Sale Draws Many Shoppers

R. M. McGee's co-operative sale opened with a crowd of eager shoppers this morning and the seven day drive promises to be a huge success. The bargains advertised were many and varied and that the values were appreciated, as advertised in a page ad in Friday's Evening News, was decidedly apparent from the large number of sales made during the first few hours of the selling event.

Cerritos Team Wins Against Intermediates

The last baseball game of the year was played Friday night between Cerritos and Intermediate. The boys on both of these teams have worked hard all year trying to win the pennant. The boys from Cerritos have worked especially hard and they certainly are a bunch of good, clean players. Every play was straight.

They came out Friday night with a score of 12-11 in favor of Cerritos. This game was to decide who won the pennant, so Cerritos gets it for this year.

AD CONVENTION ENDS

ATLANTA, Ga., June 18.—The last of the hundreds of delegates who attended the convention of the Associated Advertising clubs of the world left here today and preparations are already under way to make the Milwaukee convention next year the greatest gathering of advertising men ever to have been held. The selection of Charles P. Mackintosh of Chicago to the presidency of the organization apparently satisfied all of the delegates, even though a hard campaign was made in some quarters to elect George W. Hopkins of New York.

Milwaukee started an early campaign to be selected as the next meeting place and had little difficulty in being chosen.

Greeting
Monday Morning
With a Smile

—Yes, it's being done in hundreds of homes in this city.
—You see, instead of going through the old, unpleasant routine, the modern housewife simply bundles up the family linen and turns it over to our driver.
—That's the end of her wash-day worries.
—We wash everything in water delightfully soft and in fleecy suds of flaked soap. Then we iron the flat pieces—the bed linens, the table cloths, napkins and so on, in our improved manner. Other things, like skirts, children's clothes, and shirtwaists, we starch and make ready for the housewife to iron. Many of the undergarments, because of the airy way we dry them, need no ironing.
—In substance, we do all the back-breaking work of washday, leaving for you only the lighter ironing.

Hell-up! Hell-up!

Without the slightest trace of ego and without claiming to "sell the earth"—but just property listed with us—we can truly say that lots have been going fast until our "stock" is now pretty well "broken."

Daily new listings are added, but YOU, who have lots to sell (acreage and improved property, for that matter) can greatly assist by just phoning any of our five offices (or dropping us a card) and we'll be "Johnnie on the spot."

To sell a lot always gives us a peculiar sense of joy, for 75% of them are bought to establish a home, and we are prompted to ask "What greater SERVICE can any one render than to assist in such a noble aspiration—and help build up this beautiful LITTLE HOME CITY?" Lend a hand. Thank you.

Yours for service—from writing the deeds to burning the weeds,

Yesterday being Mr. and Mrs. Strong's silver wedding anniversary, the hostess very agreeably surprised them at the last course of an elaborate four-course dinner by placing in front of Mrs. Strong a fancy ice cream cake of tutti frutti and strawberry mouse, which was amply served to all and pronounced the best ever.

AUTHORITIES MYSTIFIED

TACOMA, Wash., June 18.—Was it a gang of bomb plotters, bank robbers or jail breakers? Camp Lewis authorities today were mystified over the discovery of a cache of 150 pounds of dynamite in a deserted shack behind the camp remount depot and the hasty flight of three rough-looking civilians when an army officer chanced upon their rendezvous. One theory is that the discovery has frustrated a plot to blow up some of the cantonment buildings.

AUTOMOBILE SECTION

Glendale Evening News, June 18, 1921

REPORT BETTER BUSINESS WITH LOWER PRICES

Price revisions downward have been the order of the day during the past month in the motor car world and close observers in the automobile industry are confident that trade will be stimulated as a direct result. Auto dealers report that there is already an appreciable upward movement evident and predict that business will continue to become better throughout the summer.

It seems to be an effort on the part of some competitive lines to try to shade the prices of others. The reductions have been made with the idea of stimulating business to the point where factory production can be resumed on a scale that will warrant the continuation of the new lists.

Manufacturing costs have not been reduced to the point where production figures warrant the change. There have been some reductions in the prices of raw materials, but the cycle has not worked around yet to the producer of the finished article.

Automobile standards of today are entirely different than they were in 1914 or 1915, and it is doubtful if the present day automobile could be built to sell for the same money it did then, if the cost of material and labor was the same.

As the years have past the public has learned to demand certain things in motor cars that cost money. Motors of today have reached a higher state of perfection than ever before. Bodies are better built and lighter. Designs are more stabilized and the car of today can hardly be distinguished from the machine of a year ago, which means that body lines are about the same.

With the present type, small bore, long stroke, high speed motor, that is in common use, a great deal more care and attention has had to be given to the fit of the pistons, piston rings, carburetion and ignition to care for the low grade fuel which is generally used.

Speed has not been sacrificed for power but a happy combination between the two has been developed so that the present day car will take the average grade without the necessity of shifting gears, and at the same time have ample speed on the level ground. It will perform economically as well. Better distribution of weight has added many hundreds of miles to tire life and on most cord tires have come to be standard equipment.

The finish of the present day automobiles is much better than ever before. A coat of paint today, after a few months exposure to the elements, does not become dirty and gray and start to peel off. Fenders are so built they are a part of the car and not a mere piece of light metal that simply keeps off the mud and dust, and holds its shape only so long as some one does not lean heavily against it.

Upholstery is of a good grade and the springs in the cushion and backrests are so built that at the end of a few months of use they are not all sagged down. Self-starters are what their name implies and function all of the time. The crank on the modern automobile is an obsolete tool. Last, but not least, the manufacturer has seen to it that when the car is in need of attention, his representative in the territory is in position to care for the customer's needs.

J. T. Murphy of Glendale and W. W. Both members of the firm are experienced automobile men,—Mr. Miller having been with the Chevrolet and Scripps-Booth sales and service agencies in different parts of the country, and Mrs. Murphy also having had a varied automobile experience. New models of the Sheridan and Scripps-Booth cars are now on display at the temporary quarters in the Club garage,—and as soon as Wishart & Son move into their new quarters on Brand boulevard workmen will start remodeling to properly display the Sheridan and Scripps-Booth in modern sales room in Brand boulevard front of the Borthick building.

MOVIE ACTORS WILL DO 'STUNTS' FOR BURBANK SHOW

Three Day Program Will Be Given; La Fiesta Planned For One Of Features

With a cast of thousands of actors, an amphitheatre covering acres of ground, a range of mountains as background and a program extending over a period of three days, one of the most gigantic spectacles ever presented on the Pacific coast will be staged at Burbank July 2, 3 and 4 under the auspices of the Burbank Memorial association, the committee in charge announces.

Patriotic organizations are sponsoring the undertakinig, which will be the first step toward the establishment of a fund with which to build a Memorial Hall for the American Legion, Red Cross, Veterans of all wars, the Boy Scouts, and to serve as a National Guard Armory.

To provide housing accommodations for the thousands of persons who will remain in Burbank during the three days of the celebration a tent city will be put up. Reservations have already been made by San Diego, San Bernardino, Santa Barbara and the Imperial Valley.

Wild West Show First Day

On the opening day, Saturday, July 2, a big wild west show will be the afternoon feature, William S. Hart directing this event. Will Rogers, Tom Mix, Harry Carey, Hoot Gibson and hundreds of rough riders will participate.

La Fiesta will be held Saturday night. This will be a miniature electrical parade, with all of the floats drawn by men, women and children instead of by horses or power vehicles. There will be representations from fraternal, civic and industrial interests. Mrs. Dorothy Shindler is in charge. Music and street dancing, ending promptly at midnight, will follow.

Every city and community in southern California has been invited to enter a float in the electrical parade.

Big Program on Sunday

For Sunday a program both entertaining and instructive has been provided, starting in the afternoon with a mammoth production under the direction of the Actors' Equity league. This will be called "The Building of an Empire" and will depict the principal epochs in California history, covering the period when the Aborigine Indians roamed the hills and plains and then portraying the arrival of the Franciscan Fathers, the goid rush of Forty-nine and the coming of caravans of settlers. The great military figures of the early days such as Fremont and Kearney will also be shown.

For the evening performance there will be community singing by 5000 members of the Community Service singers and the vast audience. Prof. Kerchoff will lead.

Immediately following this there will be the showing for the first time of the first two episodes of the "Visualized Version of the Bible," a film production that has a deep religious interest.

Six Separate Screens

That all of the audience may have unobstructed view of this wonderful picture, six separate screens are to be used in the big amphitheatre, placed at points where the picture can be projected so as to be the focal center for all persons in that particular section of the bowl.

Independence day has been reserved for the finals in the great $10,000 prize wild west contests. The cowboys and cowgirls will be seen in the wildest of wild west stunts, a herd of bucking bronchos having been brought here especially for the finals.

As a fitting climax to the celebration a Mardi Gras and carnival will be held in the streets of Burbank Fourth of July night, all participants appearing in costume. There will be music and confetti throwing with many unique events to entertain the crowd.

Road Signs Will Be Placed To Guide C. E. Visitors To Glendale

All roads will lead to Glendale the last of next week when 4,000 and more delegates to the state Christian Endeavor convention hit the trail for a five-day meeting.

In order to facilitate motorists there will be a road-signing crew sent out the middle of next week to place 1,000 cards of diamond shape on every crossroad which will have an arrow pointing in the direction of this city, with the word "Glendale" and the insignia of the C. E.

Shortage In Fords Result Of Price Cut

The recent reduction in the price of all Ford models was as much of a surprise to the Los Angeles branch of the Ford Motor company as it was to the public.

According to I. B. Groves, assistant manager of the local branch: "Before the telegram none of us had the slightest idea that there would be any reduction in the price of cars.

"Sales have been increased tremendously throughout all southern California since the reduction. Not that they had decreased during the past month, but because some people had a hunch that another price cut might be made. The license registration for the month of May showed not 47 per cent of all cars sold in southern California, or a total of Southern California were Ford cars, or a total of 2,313 cars. In the truck registration it showed that 47.6 per cent of all trucks sold were Ford trucks, or a total of 301 trucks.

"Nevertheless the few people who have been holding back have now commenced placing their orders and as a result the sale of Fords has increased tremendously.

"The east has commenced buying cars to a greater extent than it has in the past eight or ten months. We have been receiving more cars out here on the Pacific coast than anywhere in the United States, but in view of the fact that the demand is now ahead of production this will reduce the allotment of cars for the coast.

"There is a real shortage at the present time on several models and in checking over orders received it is apparent that a still greater shortage will exist," concludes Mr. Groves.

Auto Registrations Show Big Increase

Automobile registration in California for the four months beginning Feb. 1, 1921, increased $1,161,436 over the registration for the same period in 1920. This is, according to an announcement by Charles J. Chenu, superintendent of the State Moor Vehicle department.

The tremendous growth of the automobile industry in the state this year is shown by the collection of fees during the four-month period. The total collection was $6,042,150-.32 as against $4,880,713.33 for 1920.

Following is a comparative statement of registrations:

Automobiles, 1920, 421,982; 1921, 540,339; trucks, 1920, 29,326; 1921, 30,757; trailers, 1920, 1,099; 1921, 2,456; motorcycles, 1920, 16,243; 1921, 14,427; fees collected, 1920, $4,880,713.33; 1921, $6,042,150.32.

These figures show an increase in all lines of motor transportation in California with the exception of motorcycles. This decline in the use of motorcycles has been noted from many sections of the United States.

Wife Elopes In His Auto, Husband Claims

SAN DIEGO, Cal., June 18.—Arrested at the request of G. H. Silvey, aggrieved husband, who claimed that they had eloped in his automobile, Alphonse Ardourel and Anna Silvey of this city were held by Santa Ana officers for a short time, but were released.

They were released when Silvey informed San Diego police that although he made the payments on the automobile it was in his wife's name. A phone call to Santa Ana released the pair.

Campaign To Change Control Of Aviation

WASHINGTON, D. C., June 18.—Abolition of the national advisory committee of aeronautics and transfer of its duties, powers and equipment to other government agencies was proposed in a resolution introduced by Senator Borah of Idaho. The resoltuion is the first step in a campaign to remove naval and army aviation from the control of civilization and to establish a separate burden of aeronautics.

ELECT OFFICERS TO MOTHERS' CLUB OF ACACIA SCHOOL

The Mothers' club of the Acacia street school held its annual luncheon for the teachers yesterday noon at the school building, with about fifty mothers and teachers in attendance. A very dainty luncheon, consisting of sandwiches, salad, pickles, coffee and cake was served, after which a brief business session was held.

The retiring president, Mrs. O. W. Esselman, was presented with a very beautiful gold horseshoe nail pin as a token of appreciation of the members of the club for her auspicious work during the last year.

Seek Separate Ballot On Borah Amendment

WASHINGTON, D. C., June 18.—Efforts to force a separate vote in the house on the Borah disarmament amendment to the naval bill, which goes back from a deadlock conference to the house for further instructions of the conferees, were being made today by friends of the proposal.

The disarmament rider had not been reached in conference. Differences over the senate amendment increasing the navy personnel from 100,000 to 120,000 broke up the conference. It is upon this and senate amendments for Pacific coast naval base projects that the house conferees will ask further instruction.

The request will not be made for several days, Representative Kelly, Michigan, said, as it is desired to see whether the senate conferees "upon reflection" will back down.

IT'S TRIMMED IN GOLD

In the automobile district in New York City there is on exhibition a passenger car trimmed in gold. The work consumed eight weeks and required 2128 leaves of 22 karat gold, four inches square. All of the fittings are 14 karat triple-plated gold. The fenders and running gear are painted a royal light blue, with the same color in broadcloth for the upholstery.

Twelve Auto Drivers Tune Mounts For Big Grind This Afternoon

SPEEDWAY, UNIONTOWN, Pa., June 18.—Twelve of the country's most daring auto drivers today tuned their mounts for the 220-mile grind on the world's fastest track. Today's race is for the Universal trophy, twice won by Tommy Milton.

The drivers entered are Eddie Hearne, Tommy Milton, Jimmy Murphy, Eddie Miller, Eddie Pullen, Roscoe Searles, Ralph Mulford, Ira Vail, Jules Ellingbee, Johnny Thiel, Johnny Soule and Tom Alley. Barney Oldfield, former king of the drivers, will act as official pacemaker and will lead the speedsters as they start on their long grind.

Creatures Of Wilds In Feature Picture

Real wolves, lynx, coyotes, rabbits, malemute dogs and other creatures of the Canadian wilds are among the actors to be seen with the human members of the cast of "Kazan," which is the feature attraction at the Palace Grand Theatre today only. "Kazan" is a William N. Selig production, adapted from James Oliver Curwood's story of the same name by Bertram Bracken, who also directed. The leading feminine role is played by Jane Novak. "Kazan" is an intensely fascinating story of love and adventure of the great north country. Its intimate glimpses into the lives of the creatures of the wilds are said to constitute one of the marvels of motion picture production.

"Edgar's Little Saw," a Booth Tarkington comedy, the Paramount magazine and other attractions are on the program. Tomorrow Anita Stewart will star in "Sowing the Wind." "The Fight of the Age," a special added attraction for Sunday only, will show Georges Carpentier and Jack Dempsey in training for the big fight July 2.

Senate Leaders Seek Way To End Deadlock

WASHINGTON, D. C., June 18.—In seeking a graceful way out of the threatened deadlock over the peace resolution, senate leaders have hit upon the plan of accepting the house provision declaring the war at an end and the existence of a state of peace in place of the senate repeal of the war declaration. This acceptance is conditioned, however, upon acceptance by the house of the senate's reservations of American rights in alien property.

This is the plan now being "tentatively" considered, according to leaders. Republican members of the conference committee discussed it. Thus far the plan has not been directly submitted to house conferees, but is being worked up to in a diplomatic way by the senate.

There is every reason to believe, senate republican conferees said today, that this or some other agreeable compromise would be reached within a reasonable time. When it is, democratic conferees will be called in and allowed to vote yes or no.

Wife Slayer Granted Last Minute Reprieve

CHICAGO, June 18.—Carl O. Wanderer, convicted of slaying his girl wife and a "ragged stranger" he hired to stage a false holdup, was saved from the noose by eleventh hour action of the Supreme court. Wanderer, who was to hang yesterday, was granted a reprieve pending a sanity hearing.

THERE IS A REASON

Christian Endeavor Chorus Has Rehearsal

The Christian Endeavor chorus held a rehearsal Thursday night at the First Presbyterian church. There were about sixty members present and they have 145 enrolled. The chorus is under the leadership of Robert Maile of Los Angeles. Mrs. William Crawford was at the piano last night.

The chorus is planning to sing an anthem each night of the convention and this means quite a lot of work, but everyone is turning out fine and doing their part.

Santa Fe Trail Trip Is Halted By Floods

Motorists planning a trip to eastern points at this time are advised by the touring bureau of the Automobile club of Southern California that the great Santa Fe trail is temporarily closed between Albuquerque and La Junta.

Flood conditions which have recently swept Pueblo are responsible for the closing of this route, caused by the overflow of the Arkansas and Rio Grande rivers. All bridges are out.

However, this does not mean that motor car travel between Southern California and eastern points is completely at a standstill. The automobile club has arranged a detour by way of Estancia Clovis and Dodge City for the use of automobile owners who find it necessary to undertake this trip.

The club crew which is engaged in a nation-wide charting trip has been marooned near Pecos in Texas on account of flood conditions along the Pecos river. Word is received daily from members of this crew in regard to road conditions throughout the southern states and this information may be obtained by motorists who are planning an eastern trip at this time. Local highway conditions and general road conditions throughout the southern part of the state are excellent, despite the rains of last month, according to the latest bulletin issued by the Automobile club.

Important information is contained in the announcement that both roads to Lake Tahoe and vicinity are now open. These are Truckee-Donner Lake road and the Placerville-Strawberry road, and are in wonderful shape. It is also stated that the Big Oak Flat road into Yosemite valley is excellent.

There will be more summer touring this year hereabouts than ever before.

Securing Data About Trips Over Southland

Southern California is to gain great fame from a nationwide charting trip undertaken by a crew representing the Automobile Club of Southern California.

Leaving Los Angeles, this crew will represent as Automobile club agents in the entire southern part of the state in securing data throughout America for strip maps indicating practically every road in this country.

This is the first time in the history of the world that any single motoring organization has undertaken to individually map the roads of any entire nation. The data to be secured on this charting trip will be used by the club's drafting department in the preparation of detail maps on cardboard strips which will show every turn and twist of practically every important highway in America.

Leaving the southern part of California the crew will travel eastward through the southern states to Florida, proceeding from there throughout the "old south" and through New England to the Canadian border.

From the northeastern most corner of Maine, the club crew will work westward along the Canadian border and throughout the Great Lakes region, proceeding into Canada as far as Winnipeg at one point and as far as Lake Louise at another. The return trip down the coast will include the states of Oregon and Washington.

The importance of this expedition is realized when it is known that approximately four months' time will be consumed by O. W. Lewis and D. C. Rhodes who are in charge of the charting car. All data gathered will be preserved and used for the information of local motorists who are members of the club and also visitors who will wish to make a trip to any of the forty states covered on the long tour. So vast, however, is the amount of material to be segregated and analyzed that it will be more than a year before it is available for the general public, according to club officials.

LOCAL SQUAD WILL ENTER BATTLE IN ELKS' LEAGUE

Team Quits Valley Contest And Joins One Division Of State Players

The Glendale Elks' baseball team, which has been playing in the San Fernando valley league for the past few weeks, has withdrawn from that circuit and from now on will play in the northern division of the newly-organized Southern California Elks' league. Local fans will not be deprived of witnessing weekly semi-professional ball games in the switch, however, as the schedule gives half of the local squad's games on their home grounds.

The new league, which is just one division of the state Elks' league, will open its season tomorrow in all sections of California. After the respective schedules in each of the four divisions, viz., Southern California, San Joaquin district, Sacramento Valley and San Francisco Bay districts, shall have been completed the winners of the two northern divisions will engage in a play-off, the winner to represent the north in the state convention. Likewise, the two winners in the southern divisions will engage in a series of games to decide who will represent the south at the convention.

In the northern section of the Southern California division teams from the following Elks' lodges will be entered—Glendale, Alhambra, Santa Monica, Santa Barbara, Pasadena and Redondo; in the southern section will be Long Beach, Anaheim, San Bernardino, Redlands, Santa Ana and Whittier.

Watching Scoreboard

Yesterday's hero — Meneskey, the Red Sox outfielder, who had a wild day at bat, slugging out a single, double and triple in the first game and a triple and homer in the second game against the Tigers. The double win, 5 to 4, 6 to 4, put the Red Sox in the first division.

The Cubs outslugged the Giants for a 11 to 10 win.

Fillinghim blanked the Cards with four hits and Boston won, 10 to 0.

Mogridge pitched a strong game for Washington against the Browns and the Senators won, 5 to 4.

The Reds made it three straight over the lowly Phillies by a 11 to 3 score. Leon Cadore pitched a victory for Brooklyn over the leading Pittsburgh Pirates, holding them to three runs, while the Dodgers gathered eight.

Rain interfered with the Yankee-White Sox and Cleveland-Philadelphia games.

Those who enjoyed this party were the Mesdames Roach, J. Harwell, H. Walmsa, H. Michel, L. Empey, H. Blue, and G. Blue, the Misses Lois and Lucille Stubbs. Visitors In Glendale Have Delightful Time

The Misses Helen and May Zboinski, who have been spending several delightful weeks in the home of Attorney Vermell Rapp, 403 Cameron Place, leave Wednesday for San Francisco to visit friends. From there they will go to their home in Fremont, Ohio, stopping enroute at places of interest.

They state that they have never had a more delightful time than that in southern California. Every point of interest has been visited—Santa Barbara, Redlands, San Diego, Riverside, mountain resorts and seaside resorts and Catalina. They leave in Glendale a host of friends among the members of the Holy Family Catholic church, who have in every way tried to make their stay a delightful one.

On Friday, they with their hostess, Mrs. Vermell Rapp, attended a function at the Ambassador hotel, Los Angeles. They may return with their parents to make Glendale their home. Especially will this be true if Miss May can obtain a position as lucrative, which she holds in a national bank in her home town, Fremont.

The band arrived during the second bowling game, after which they announced a barbecue to be given by the Pasadena Elks, under the auspices of the band, at Corona.

'Broadway And Home' Is Glendale Picture

"Broadway and Home"—the title has all of the significance in the world—will be the feature photoplay presented this evening at The Glendale Theatre. Eugene O'Brien is the star of the supreme dramatic effort which is a dramatization of John Lynch's famous play of the same name. There is an appeal to the heart in the play that will make one cry and smile with Mr. O'Brien as he glitters along the gilded path, only to find home sweeter than all the pleasures to be bought.

"Sweethearts," a two-part comedy, Urban Movie Chats and a news reel complete the film program while Madame Clement will play "Wild Irish Rose" as the special organ number. Tomorrow "A Connecticut Yankee in King Arthur's Court" will be the featured attraction and for full measure Harold Lloyd in "From Hand to Mouth" is a comedy worth seeing.

Steel Workers Will Face Wage Reduction

By J. L. O'SULLIVAN
United Press Staff Correspondent

DENVER, Colo., June 18.—Representatives of the steel workers' union will meet here tomorrow to plan a strong organization campaign in that industry in preparation for what they believe will be further wage reductions.

"Judge Gary and other leaders in the steel industry have indicated they will soon reduce wages again," said David T. Davies, one of the steel delegates to the American Federation of Labor convention. "There is one thing sure and that is they will go as far as they dare."

Davies said the steel union had "come back strong" after the disastrous strike of two years ago. One reason, he said, was a reorganization of the committee which had charge of the strike. Some of the leaders, including William Z. Foster and John Fitzpatrick, dropped out.

Under normal business conditions Davies said, the union would be stronger today than it was before the strike.

"Some of the mills are operating at only 35 to 40 per cent capacity," he said. "Many of the men aren't able to pay their union dues and organization campaigns among them are contemplated."

Many delegates took time off from the convention today to visit Colorado Springs as guests of the Typographical union.

Prohibition Measure In Chemical Barrage

By HERBERT W. WALKER
United Press Staff Correspondent

WASHINGTON, D. C., June 18.—The supplemental prohibition bill of Representative Volstead which already has encountered strong and unexpected opposition in the house, met a "chemical warfare barrage" today.

Representatives of the American Chemical society charged in communications to the house rules committee that the chemical industry "is threatened with destruction" by Volstead's measure. Objections of the chemists are directed at those sections of the bill which were designed to hit the manufacture of medicinal preparations which can be used for liquor substitutes. As the result of the increasing opposition to some features of the bills, the rules committee virtually has decided to refuse Volstead's request for a rule which would jam his measure through the house without the opportunity for amendment.

Meanwhile, numerous brewers are demanding that the prohibition commissioner allow them to sell medicinal beer under the Palmer ruling.

Mystery Death Being Probed By Authorities

LOS ANGELES, June 18.—Officials today launched an investigation into wierd circumstances surrounding the death of Robert McLennon, 31, of Winslow, Ariz.

McLennon died Wednesday at the Santa Fe hospital here. The mysterious circumstances surrounding his death, however, came to light last night for the first time with the volunteered testimony of R. G. Futch, a friend of McLennon's.

McLennon died here of spinal meningitis, induced by three bullet wounds.

"The wounds were from dumdum bullets," Futch told the police last night. "McLennon never knew who fired them. It happened back at his home in Winslow on May 1.

"I heard my telephone ringing, and a weak voice that I recognized as McLennon's called over the wire for help.

"I rushed to his home. He was on the floor in his bedroom, one arm wrapped around a bedpost.

"'My God, Mac, who did it?' I asked.

"'I don't know. I don't know. They shot me from the other side of the bed. They wanted my letters, but they didn't get 'em. I fired back at them, too, but they got away.' Then McLennon fainted.

"When he recovered a bit, he wouldn't talk. A few days later, when he was strong enough, he went out to Los Angeles.

"I don't know what the letters he referred to are. I think they had something to do with his divorce case."

Police were in touch with McLennon's widow, who is in Los Angeles, early this morning.

She could throw no light on the case, she said.

"Robert had no enemies that I know of. As for those letters, he knew that I didn't want them. I am more than willing for the public to know their contents."

She did not divulge the substance of the letters, however, at the time.

Police are today pushing investigations of every possible clew. Officials of Winslow have been asked to co-operate.

Religious Resort Is Planned By Methodists

An enterprise that will interest many Glendale people was formally launched in Los Angeles last night. Nearly two years ago Rev. Charles H. Scott, former pastor of Glendale Methodist church was appointed by Bishop Leonard to investigate the subject of a Chatauqua educational, recreational and religious resort for the Pacific coast under Methodist control, the same as Lakeside in Ohio and Ocean Grove in New Jersey. Mr. Scott at once entered upon the task, visited the east, gathering all the data possible. For the last six months he has been diligent in quest of the best possible site. He feels, and so do his associate advisors, that he has been particularly fortunate in getting an option on 1100 acres in Santa Monica near the long pier. There is a half mile of ocean frontage and a bluff that commands a fine view and which is especially well adapted to the proposed auditorium building.

The gathering last evening was addressed by Bishop Leonard, Gov. W. D. Stephens, Dr. Moors, director of southern division of the University of California and others. Former Lieutenant Governor A. J. Wallace presided.

There were present from Glendale Rev. V. H. Brink, Dr. Joseph Marple, C. W. Ingledue, T. A. Wright, William H. Reynolds, C. W. Spickerman, Arthur G. Lindley and W. F. Tower.

Secretary Rhoades Is Seeking Safety Gates

Secretary James M. Rhoades of the Glendale Chamber of Commerce is in Los Angeles today for a conference with Southern Pacific officials on obtaining safety gates at the Brand boulevard crossing in southern Glendale, to be operated by the towerman stationed at the Pacific Electric's crossing. Mr. Rhoades this noon was the guest at a luncheon of the Los Angeles Chamber of Commerce at which Sylvester L. Weaver, president of the latter organization, reported on business conditions in the east which he noted on a trip.

Services In Honor Of Old Folk Sunday

Tomorrow morning there will be a service in honor of the old folk at the First Methodist church. Seats will be reserved and a special program of songs and addresses has been arranged.

Rev. D. H. King of Hollywood, formerly of Vineland, New Jersey, will be present and take part in the program. Over thirty years ago Dr. King originated the service of "Old Folks Day" back in his eastern church.
